

AUDAX RENOVABLES, S.A.

Pursuant to article 227 of Law 6/2023 of 17 March on Securities Markets and Investment Services (*Ley 6/2023, de 17 de marzo, de los Mercados de Valores y de los Servicios de Inversión*), Audax Renovables, S.A. (the “**Company**”) announces the following:

OTHER RELEVANT INFORMATION

The Company has invited financial analysts, institutional investors and representatives of the energy sector to its upcoming Capital Markets Day, which will take place November 20th, 2025, at 11:30 a.m. (CET) at Espacio Telefónica in Madrid.

Among other matters, the Company’s management team will unveil the main lines of the 2026–2030 Strategic Plan, aimed at consolidating the Company’s sustainable growth and strengthening its position as a key player in Europe’s energy transition. The meeting will provide a platform to present the Company’s long-term vision, financial and operational objectives, as well as the strategic priorities guiding international expansion, management of generation assets, and strengthening of the Company’s financial structure.

The Capital Markets Day will bring together national and international institutional investors, financial institutions, and rating agencies, offering a transparent view of the Group’s current performance and future prospects.

The day will feature strategic presentations, thematic sessions and opportunities for dialogue with senior management. Attendees will gain first-hand insight into the Company’s evolution and long-term value creation, allowing them to participate both on-site and through live streaming.

The corresponding press release containing the event details is also attached hereto as **Schedule 1**.

For more information about the event details, attendees may contact the Investor Relations Department via the following email address: investor.relations@audaxrenovables.com.

In Badalona, October 21st, 2025.

Francisco José Elías Navarro
Chairman of the board of directors of
Audax Renovables, S.A.

Schedule 1

Press release

Audax Renovables to hold its Capital Markets Day on 20th of November 2025 in Madrid

The company will present its new 2026–2030 Strategic Plan to the national and international investor community.

- **Presentation of the new 2026–2030 Strategic Plan**, outlining the Group's key strategic growth priorities and value creation drivers.
- Hybrid event (in-person and live streaming) **from Espacio Telefónica in Madrid**, open to institutional investors and international analysts.
- **Renewed commitment to sustainability, operational efficiency and long-term value creation** within the framework of Europe's energy transition.

21st of October 2025 – Madrid. Audax Renovables, S.A. (ADX.MC) invites financial analysts, institutional investors and representatives of the energy sector to its upcoming **Capital Markets Day**, which will take place on **20th of November 2025 at 11:30 a.m. (CET) at Espacio Telefónica in Madrid**.

During the event, **Audax Renovables' management will unveil the main axes of the 2026–2030 Strategic Plan**, aimed at consolidating the company's sustainable growth and strengthening its position as a key player in Europe's energy transition.

The meeting will provide a platform to present **Audax's long-term vision**, financial and operational objectives, as well as the strategic priorities guiding international expansion, management of generation assets, and the strengthening of the company's financial structure.

The Capital Markets Day will bring together **national and international institutional investors, financial institutions, and rating agencies**, offering a transparent view of the Group's current performance and future prospects.

"This event marks a new milestone for Audax Renovables. We want to share with the investor community our commitment to a responsible, profitable growth model fully aligned with the principles of energy sustainability", said Oscar Santos, Managing Director of the company.

The day will feature strategic presentations, thematic sessions and opportunities for dialogue with senior management. Attendees will gain **first-hand insight into Audax's evolution and long-term value creation**.

About Audax Renovables

Founded in 2000, Audax Renovables is a vertically integrated energy group generating 100% renewable energy and supplying electricity and gas, with operations in nine countries.

The company currently holds a portfolio of wind and photovoltaic plants in Spain, Portugal, Italy, France, Poland and Panama, across operational, construction and development phases, totalling 1.0 GW. In its retail business, the group, chaired by José Elías Navarro, supplies electricity and gas to over 475,000 customers in Spain, Portugal, Italy, Germany, Poland, the Netherlands and Hungary, leading the SME segment in Iberia.

Audax began trading on the Spanish secondary market in 2003, moving to the continuous market in 2007, and became part of the IBEX SMALL CAP® index in March 2020. Today, the company has a market capitalisation exceeding €600 million and employs approximately 800 professionals.
